

# Brain Bank Singapore

## *Your Gift to Future Generations*

Brain Bank Singapore is the first Tissue Bank in Singapore & South-East Asia that is dedicated to providing a national resource of post-mortem brain and spinal cord tissues for research into brain disorders such as Dementia, Parkinson's Disease, and Stroke.

These tissue donations are vital to increase medical knowledge to better diagnose, prevent, treat, and cure such conditions.

**Learn about various brain conditions and have fun with our brain-stimulating activities!**

**26TH NOV 2022, SATURDAY  
TOA PAYOH PUBLIC LIBRARY**

**EXHIBITION & GAMES: 11AM - 5PM**

**TALK: 3 - 4PM**

**SCAN HERE TO REGISTER FOR THE TALK**
